## THIEVES BUSY LAST NIGHT

Two Horses Taken From Barn Of Speers Mail Carrier.

## VALLEY SUPPLY ROBBED

Sometime last night from the barn John Herrons of Malden road, near Brownsville there were two horses taken by burglars. The work was quietly done as none of the inmates of the Herrons' house, which is about fifty feet from the barn, were fully aroused. The loss was discovered by Mr. Herrons this morning when he went to the stable to feed animals. Both horses are valuable animals, and highly prized by their owner.

Mr. Herrons is a Speers rural mail carrier having a large route. Owing to the out of way place of his home, Mr. Herrons does not arrive home until late and has to leave early in the morning. He keeps his stable well tended. Late last night after arriving home he put up the horses as usual and went to bed. He knew nothing of the robbery until the next morning early when he arose. One of the family said they thought they had a horse early in the morning, but supposed it was not, fully used. Efforts are being made to find the burglars.

The Valley Supply company at Food's Run was burglarized some last night and a quantity of merchandise was taken. The total amount stolen has not as yet been determined by the manager, who is checking up the goods but it is supposed to be considerable. Detective Riddle was sent for this morning and is now at work investigating the burglary. No clue has been found. Entrance was made through cellar.

### Cannot be Found.

Willie Supplies has gone again. It has been gone for seven weeks. His father is looking for the boy but has not been able to learn anything as yet. This makes about the sixteenth time the boy has run away.

### Not a Member.

I. has developed that Thomas Carroll who was killed Wednesday afternoon by a train, was not a member of I. O. O. F., his dues not being paid up.

## FAYETTE CITY WAS DEAD EASY

The Fayette City swatters were dead easy for the locals in yesterday's exhibition, a 13 to 6 score being the result of the afternoon's conflict. Charleroi's team was pretty much patched up affair as five pitchers were in the lineup. The principal feature of the game was the scoring runs by Charleroi as thirteen were registered on nine hits. Fayette City got twelve hits but could get no more than eight runs. Score: Charleroi, 23; Fayette City, 6. Batters—Patrich, McIlvaine and Ay, Campbell and Makepeace. Umpire—Jenkins.

## Noted Lecturer To Speak To Men's League

Newlin, of Indianapolis, Ind., who last night delivered his famous lecture, "The Unconstitutionality of Legalizing Wrong" at the Sunday school convention in Monongahela, will address the Men's League of the M. E. church Sunday afternoon at 2:30 on the same subject as that on which he spoke last evening. Mr. Newlin has a wide reputation as an orator, being known as the man who secured Judge Artman's famous decision in the State of Indiana some years ago. His talk is on the liquor question, in which he asks what right a state has to legalize a thing that is wrong. He urges for the entire wiping out of the saloon.

## BOOMING NEW FERRY

Monessen Residents Want To Be Able To Cross River In Baskets.

## CAPITALISTS INTERESTED

Rumors concerning a possible project of some enterprising capitalists about Monessen are afloat to the effect that they will build what is known as a "basket ferry" from Monessen across the Monongahela river to a point of best advantage for out-of-town residents and pleasure seekers going to Eldora park. One of the mill sites may be chosen as a landing on the opposite side of the river.

The reasons for this venture are two-fold—a desire to give access to cheap, expansive home sites and to bring Eldora Park more nearly within Monessen's reach. At present it costs a 25 cent fare to go to the park and return, 15 cents going and 10 cents returning. Besides, there would be considerable other traffic from a short-cut off the prominence over the river. What are known as "basket ferries" are cars that will carry perhaps a half dozen passengers, operated on a cable like a cash carrier in the modern store. Several are in use on the Youghiogheny river. An engine on one shore furnishes the motive power.

## MARIANNA, THE NEW DESIRES BETTER SERVICE

The opening of passenger service to Marianna brings to mind the fact that the people of that community are now well supplied with postal facilities. At the present time the residents are supplied by R. D. routes from Scenery Hill and Washington, and by the post office at Zollarsville. As this new town is rapidly growing, having at the present time about 700 inhabitants, it would seem to be the thing to have a post office establishment there at the earliest moment.

## SEEK BETTER HIGHWAYS IN THIS SECTION

A committee of members of the Monongahela Chamber of Commerce consisting of Messrs. Downer, Colvin and Coulson called on the county commissioner yesterday and urged them to let the contract for the construction of the Dry Run and Ginger Hill road. Commissioners Wylie and Huffman were present and listened attentively to the arguments presented by the committee. They agreed to take the matter up at a meeting of the full board and decide it within a few days. It is understood that the \$100,000 of road bonds which were offered some time ago, but could not be sold, have now been subscribed for. The sale of these bonds will make it possible for the commissioners to build about ten miles of improved road.

Among the roads which have been surveyed and approved by the grand jury, although the contract has never been signed by the commissioners is the Roscoe and Scottdale road, Hastings and Barr to of Charleroi, contractors.

A road which has been approved by the grand jury and court, taken over by the state, on petition of township authorities, joined by commissioners, and for which bids are now being asked for construction by the state highway department, is the Beallsville and Charleroi extension, of three miles.

## SUNDAY CONCERT AT THE PARK

The Monessen Concert Band will give a sacred concert at Eldora Park Sunday afternoon and evening.

## APPEAL IS TAKEN AFTER HEARING BEFORE BURGESS

Six parties concerned in the disagreement and subsequent fight between two local undertakers firms Wednesday evening, were each fined \$3 and costs by Acting Burgess J. K. Hein last night. The persons were M. T. Crowley, William Correll, J. L. Reeves, W. C. Reeves, V. E. Reeves, and O. L. Riggs. The charge against each was disorderly conduct. All plead not guilty.

The events as brought out at the trial were practically as told in the Mail on Thursday evening. Messrs. Correll and Crowley both testified that they did not have time to say anything when they entered Reeve's Undertaking rooms, while Messrs. Reeves stated that they ordered the men from the place before putting them out.

After the hearing Mr. Correll and M. Crowley took an appeal. The affair will likely be settled in a higher court.

## LITTLE BUSINESS DONE BY SCHOOL BOARD

At the adjourned meeting of the school board last night, the matter of seats for the new school building was taken up and a number ordered. Several prices were read for brushes and dusters but nothing was done on the matter. Other matters were talked over but no business was done.

## P. H. C. HOLDS CLOTHESPIN SOCIAL

The clothespin social held last evening by the members of Charleroi Circle 303 P. H. C. was a success in every way particularly in part of originality and uniqueness. The committee having the affair in charge worked diligently to make it a pleasing one and the efforts were appreciated by the many members and invited guests who were present.

Refreshments were served in a happy manner by the committee and consisted of delicacies of a surprising nature but palatable and pleasing. The menu card as presented in blank form proved a puzzle until filled out from the bill of fare. The clothespin dollies were highly prized as souvenirs and there was much fun and sociability. The affair was truly a pleasing one. The circle will hold their annual children's day services next Sunday evening and promises to be of the usual pleasing and entertaining nature.

### THE QUEST OF BEAUTY.

"Making Up" is a Very Ancient Feminine Art.

"Making up," as applied to the appearance, is by no means as modern an art as many people imagine.

In the days of Roman supremacy the women tinted their eyebrows with black in emulation of "ox eyed Venus." They painted their faces, sprinkled themselves with perfume and even

wore false hair or tinted their own locks in accordance with the prevailing fashion.

The Greek ladies of the same period employed maids who rubbed out their mistress' wrinkles, "decorated" her face with red and white paint and darkened her eyebrows. It was then also the fashion to coat the face with white of egg and goose grease to protect it from the sun and wind. It is even said that they had a recipe for

furling blue eyes to match.

These fashions all had their origin in Italy, where in later years the notorious Lucrezia Borgia is said to have dyed her hair different colors, according to her fancy of the moment.

In England in the eighteenth century many women, among them Lady Coventry, died from the effects of rouge. So in all ages "beauty at all costs" was the motto of "smart" ladies.—*Woman's Weekly*.

Kidney Diseases Are Too  
Dangerous for Charleroi  
People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

Christian Schmidt, retired, 306 East Pike St., Canonsburg, Pa., says: "I have great confidence in Doan's Kidney Pills. In the year 1896 I was in a serious condition with kidney disease. I suffered with backache and irregularity of the kidney secretions. I procured Doan's Kidney Pills at that time and used them in accordance with the directions. It required only two or three days to drive out the pains in my back and restore the kidneys to health." (From statement October 5th 1900.)

CURED TO STAY CURED.

Mr. Schmidt on September 18th, 1907, said: "I am glad to confirm what I said in my former statement regarding Doan's Kidney Pills. I have used this remedy for backache on one or two occasions since that time and they have never failed to give me prompt relief."

## THE JUDGE AND THE VIRAGO

An Ancient Joke of Which There Are Many Modern Versions.

The following tale was translated from a very old Chinese book for Collier's Weekly:

A certain magistrate upon opening his court observed one of his factors whose face was covered with wounds and asked him what was the matter. Replied the factor, "Yesterday evening I was reclining and enjoying the fresh air under my grape arbor, which was suddenly upset by a gust of wind and fell on me and caused these injuries."

But the judge was skeptical and said: "That is too thin. It is easy to see that the marks on your face are from scratches from nails. It must be that you have had a row with your wife and got a clawing from her. Is this not so?"

The factor crimsoned all over and replied, "Your honor has truly guessed it."

Then said the judge: "Why is your wife so fierce as this? Wait till I summon her and give her a beating and you your revenge."

While he was yet speaking the judge's own wife suddenly came out from the house and fiercely said, "Who is this you are going to beat?"

The magistrate hastily announced to the factors and ting ch'ai t's: "This court stands adjourned. Disperse instantly. It seems as though the court's grape arbor is also about to collapse!"

## How THE NORSE KING Gained his vigor

"Lord of the waves we are,  
Kings of the seething foam,  
Warriors bold from a Norland cold,  
Far o'er the sea we roam."  
—Song of the Vikings

The early Norsemen gained much of their strength and vigor from mead, a fermented barley beer.

Light fermented beverages are known the world over as producers of energy and builders of brain and brawn.

The very ambition that lead the sturdy Norsemen to cross an unknown sea and to discover America centuries before Columbus was ever heard of was doubtless fostered by the wholesomeness of their food and drink.

Courage and vigor, you know, are always born of fit physical condition.

## THIEVES BUSY LAST NIGHT

Two Horses Taken From Barn Of Speers Mail Carrier.

## VALLEY SUPPLY ROBBED

Sometime last night from the barn of Mr. Herrons of Charleroi, near St. Brownsville there were two horses taken by burglars. The work was quietly done as none of the inmates of the Herrons' house, which is about fifty feet from the barn, were fully aroused. The loss was discovered by Mr. Herrons this morning when he went to the stable to feed his animals. Both horses are valuable animals, and highly prized by their owner.

Mr. Herrons is a Speers rural mail carrier having a large route. Owing to the out of way place of his home, Mr. Herrons does not arrive home late and has to leave early in the morning. He keeps his stable well tended. Late last night after arriving home he put up the horses as usual and went to bed. He knew nothing of the robbery until the next morning early when he arose. One of the family said they thought they heard a horse early in the morning stamping about, but supposed it was the stable and was not fully aroused. Efforts are being made to find the burglars.

The Valley Supply company at God's Run was burglarized some time last night and a quantity of merchandise was taken. The total amount stolen has not as yet been found by the manager, who is checking up the goods but it is supposed to be considerable.

Detective Riggles was sent for this morning and is now at work investigating the burglary. No clue has been found. Entrance was made through the cellar.

### Cannot be Found.

Willie Supplies has gone again. In fact has been gone for seven weeks now. His father is looking for the boy but has not been able to learn anything as yet. This makes about the fifteenth time the boy has run away.

### Not a Member.

It has developed that Thomas Carleil who was killed Wednesday afternoon by a train, was not a member of the I. O. O. F., his does not being so.

## FAYETTE CITY WAS DEAD EASY

The Fayette City swatters were dead easy for the locals in yesterday's exhibition, a 13 to 8 score being the result of the afternoon's conflict. Charleroi's team was pretty much of patched up affair as five pitchers were in the lineup. The principal feature of the game was the scoring runs by Charleroi as thirteen were registered on nine hits. Fayette City got twelve hits but could get no more than eight runs. Score: Charleroi, 13; Fayette City, 8. Batters—Patrick, McIlvaine and Jay, Campbell and Makepeace. Umpire—Jenkins.

## Noted Lecturer To Speak To Men's League

By special arrangement, Charles E. Newlin, of Indianapolis, Ind., who last night delivered his famous lecture, "The Unconstitutionality of Legalizing Wrong" at the Sunday school convention in Monongahela, will address the Men's League of the M. E. church Sunday afternoon at 2:30 on the same subject as that on which he spoke last evening. Mr. Newlin has a wide reputation as an orator, being known as the man who secured Judge Artman's famous decision in the State of Indiana some years ago. His talk is on the liquor question, in which he asks what right a state has to legalize a thing that is wrong. He urges for the entire wiping out of the saloon.

## BOOMING NEW FERRY

Monessen Residents Want To Be Able To Cross River In Baskets.

## CAPITALISTS INTERESTED

Rumors concerning a possible project of Monessen are afloat to the effect that they will build what is known as a "basket ferry" from Monessen across the Monongahela river to a point of best advantage for out-of-town residents and pleasure seekers going to Eldora park. One of the mill sites may be chosen as a landing on the opposite side of the river.

The reasons for this venture are two-fold—a desire to give access to cheap, expansive home sites and to bring Eldora Park more nearly within Monessen's reach. At present it costs a 25 cent fare to go to the park and return, 15 cents going and 10 cents returning. Besides, there would be considerable other traffic from a shortcut off the prominence over the river. What are known as "basket ferries" are cars that will carry perhaps a half dozen passengers, operated on a cable like a cash carrier in the modern store. Several are in use on the Youghiogheny river. An engine on one shore furnishes the motive power.

## MARIANNA, THE NEW DESIRES BETTER SERVICE

The opening of passenger service to Marianna brings to mind the fact that the people of that community are now well supplied with postal facilities. At the present time the residents are supplied by R. D. routes from Scenery Hill and Washington, and by the post office at Zollarsville. As this new town is rapidly growing, having at the present time about 700 inhabitants, it would seem to be the thing to have a post office establishment there at the earliest moment.

## SEEK BETTER HIGHWAYS IN THIS SECTION

A committee of members of the Monongahela Chamber of Commerce consisting of Messrs. Downer, Colvin and Coulson called on the county commissioner yesterday and urged them to let the contract for the construction of the Dry Run and Ginger Hill road. Commissioners Wylie and Huffman were present and listened attentively to the arguments presented by the committee. They agreed to take the matter up at a meeting of the full board and decide it within a few days. It is understood that the \$100,000 of road bonds which were offered some time ago, but could not be sold, have now been subscribed for. The sale of these bonds will make it possible for the commissioners to build about ten miles of improved road.

Among the roads which have been surveyed and approved by the grand jury, although the contract has never been signed by the commissioners is the Roscoe and Scottdale road, Hastings and Barritt of Charleroi, contractors.

A road which has been approved by the grand jury and court, taken over by the state, on petition of township authorities, joined by commissioners, and for which bids are now being asked for construction by the state highway department, is the Beallsville and Charleroi extension, of three miles.

## APPEAL IS TAKEN AFTER HEARING BEFORE BURGESS

Six parties concerned in the disagreement and subsequent fight between two local undertaking firms Wednesday evening, were each fined \$3 and costs by Acting Burgess J. K. Hein last night. The persons were M. T. Crowley, William Correll, J. L. Reeves, W. C. Reeves, V. E. Reeves, and O. L. Riggs. The charge against each was disorderly conduct. All plead not guilty.

The events as brought out at the trial were practically as told in the Mail on Thursday evening. Messrs. Correll and Crowley both testified that they did not have time to say anything when they entered Reeve's Undertaking rooms, while Messrs. Reeves stated that they ordered the men from the place before putting them out.

After the hearing Mr. Correll and M. Crowley took an appeal. The affair will likely be settled in a higher court.

## P. H. C. HOLDS CLOTHESPIN SOCIAL

The clothespin social held last evening by the members of Charleroi Circle 303 P. H. C. was a success in every way particularly in part of originality and uniqueness. The committee having the affair in charge worked diligently to make it a pleasing one and the efforts were appreciated by the many members and invited guests who were present.

Refreshments were served in a happy manner by the committee and consisted of delicacies of a surprising nature but palatable and pleasing. The menu card as presented in blank form proved a puzzle until filled out from the bill of fare. The clothespin dollies were highly prized as souvenirs and there was much fun and sociability. The affair was truly a pleasing one. The circle will hold their annual childrens day services next Sunday evening and promises to be of the usual pleasing and entertaining nature.

## CONVENTION IS ENDED

Officers Elected At Session Of Sunday School Association Yesterday.

## CLAYSVILLE IS FAVORED

Yesterday's session ended what was the most successful convention ever held by the Washington County Sabbath school association, as well as the most helpful. The business meeting was held in the afternoon, and Claysville was selected as the next place to hold the convention.

Association officers for the ensuing year were elected as follows: President, S. W. Hall, of Washington; vice president, Rev. G. G. Kerr, of Charleroi; recording secretary, Mrs. Cora Sutherland, of Burgettstown; field secretary, Mrs. Mary L. Stewart, of Washington; superintendent of the teachers' training class department, Rev. Hunter, of Buffalo; superintendent of the home department, Miss Jennie Pollock, of Canonsburg; superintendent of the primary department, Mrs. G. H. Thomas, Charleroi; treasurer, William Hathaway, Washington; members of executive committee, the Rev. Frank Fish, Claysville; W. S. Alten, Monongahela; R. Morris Smith, Washington.

At a meeting of the executive committee during which Samuel W. Hall, of Washington, the association president, presided, it was decided to name the last Sunday in September as home department day. A new department to be known as the Adult Bible department was formed and the Rev. E. A. Cole appointed county superintendent.

Graduates of the Teachers' Training class of the district were presented with their diplomas in the evening. First honor was taken by Mrs. W. S. Alten, of Monongahela, out of a class of 32 graduates. Mrs. Alten made a percentage of 100 in every branch included in the course. Sixteen of the graduates were from Monongahela. Burgettstown was next with nine and Finleyville had five.

Later a banquet to the alumni of the Teachers' Training class was given by the Senior Christian Endeavor. Seventy-three members attended. Toasts were responded to by Miss Daisy Paul, Prof. H. H. Cole, Washington; secretary and treasurer, H. H. Saylor, Roscoe. The motto adopted for the twelve months to come was "Keep on Growing."

**Enlarge Crusade.**  
The rule laid down by Judge Mol-  
laine and the letter District Attorney  
Acheson sent to the constables about  
the beer agent are right, are proper,  
but both of the officials are blind in-  
deed if they cannot see the "perni-  
cious activity" of a large number of  
"drug stores" particularly in Wash-  
ington and in Canonsburg, which  
daily and almost hourly violate the  
liquor laws.  
Being residents of Washington they  
must see what is patent to everyone  
who cares to see, that seven-eighths  
of the "drug stores" in Washington are  
but one remove above a "pigs ear,"  
and would not exist a week were their  
sales of liquor cut off.  
When a total stranger can go into  
Washington and secure a pint or quart  
of whiskey inside of an hour it ought  
not to be hard even for "blind jus-  
tice" to secure sufficient evidence to  
convict these "druggists". Unless  
Washington county is to have the  
same disgraceful state of affairs that  
the "drug stores" have created in  
Iowa, Kansas, Maine, etc., than swift  
and certain prosecution must be be-  
gan against them. And while about  
in the sales of cocaine and opium to  
habitual users ought to be "investiga-  
ted also."  
Get after the "drug stores" as the  
beer agent is an angel of mercy com-  
pared to them.  
**Still Slandering.**  
The contemptible thing that the Wash-  
ington Observer made at Burgess Hott  
of Charleroi, picks out with the petti-  
falseness habitual with that dis-

gruntled and discredited character  
assassin.  
Mr. Hott does not need any defense  
among the people where he resides either  
for his reputation as a law abiding,  
public spirited citizen or his conduct  
as an upright public official, and he  
would not suffer by comparison with  
any one connected with the Observer  
or even with their own ideas of them-  
selves.  
The fact of the matter is, the cheap  
witted scribbler saw a chance to air  
his idiosyncrasy by a reference to "Hott"  
and "warm," and could not let it  
escape even though it did libel one of  
Washington county's best citizens.  
Mr. Hott made no comment what-  
ever upon the judge's ruling as he had  
no reason to do so, but if he had he  
would have been exercising his right  
to do so, as it is not less majestic to  
criticize a police judge even in Wash-  
ington county. The Observer will  
utter such libels once too often and  
then it will realize the truth of Sancho  
Panza's words: "It is a shame to be  
wings to her butt."  
**Old Glory.**  
To-morrow there will be many  
celebrations commemorating the one  
hundred and thirty-second birthday of  
the American flag, affectionately called  
"Old Glory." Just where and by  
whom that term was first applied to  
our flag is a matter not fully settled.  
Some contend that it was first used  
during the civil war, yet it is a fact  
there was a poem published about the  
year 1824 in Vermont called the  
"Farmer's Fourth of July," in which  
the last verse began:  
"To-day I sing Old Glory  
Proudly to the summer breeze.  
I know it thrills a million hearts  
Across the sunny seas.  
But whoever applied it struck a  
felicitous description, for an Amer-  
ican citizen never sees in a foreign  
land a more glorious sight than that  
of his country's emblem.  
Those of us accustomed to see it at  
every place do not seem to grasp its  
significance or what it stands for, but  
leave your land and then see it and  
then you understand why it is called  
"Old Glory."  
It is especially a duty devolving on  
every Pennsylvanian who has a proper  
pride in his native State to observe  
it, for it was on her soil that the flag  
was born and first lifted into the sun  
kissed zephyrs of heaven. If you can do  
no more, just read Drake's "American  
Flag," Minna Irving's "Betsey Ross"  
J. Whitcomb Riley's "Old Glory"  
and "The Banner of the Sea," the  
the poem that won the Scribner  
Truth's prize and you will, incident-  
ally, begin to hear such say can you  
see."  
**As Usual.**  
"A mind well skilled to find  
or forge a fault."  
It is impossible for a Washington  
paper to speak of anything "on the  
river" with candor. The residents  
there have no animosity personal or  
political or business against the peo-  
ple in this section, and the reverse is  
also true. But it answers the purpose  
of some malignant political apostates  
to attempt to create ill feeling by setting  
up their personal grievances as public  
issues and to further their schemes by  
libelling whole communities, thinking  
to deceive.  
These papers do not have the re-  
spect of a vast majority of their towns-  
men, who thoroughly understand the  
base and petty motives actuating the  
papers libelling the river towns.  
**The Difference.**  
The Democrats are trying to make  
a point against the tariff by calling  
attention that wool brings but 17 cents  
a pound, the same price it was in  
1893.  
The difference is that they get the  
17 cents now, they didn't then.  
**Just A Joke.**  
No person will take the Canonsburg  
Notes seriously, for other wise  
There are no jobs for Canonsburg  
hysterical humorists. Dr. Washington  
county to the surprise of all of the  
state.  
Miss Jobs will take up music  
during the summer.

**Among the Exchanges**  
The Scottdale Independent in dis-  
cussing murder trial states that which  
a great persons believe to be true  
which is as follows:  
Every person accused of crime  
should have a fair chance to prove  
himself innocent but the many techni-  
calities and other trial causes that are  
urged in a court trial should not be  
given heed. The action of the aver-  
age lawyer in defending a criminal  
seems to indicate that he thinks it is  
his duty to see that a law is evaded  
rather than enforced and when he re-  
sorts to such means as arguing that  
mar acted "queer" under certain  
conditions to prevent that man from  
meeting just punishment for crime  
has committed, the lawyer is little  
better than the criminal and is help-  
ing to make criminals a great deal  
faster than he is preventing the com-  
mission of crime.  
The New Castle Herald speaking of  
the influence bumper crops will have  
on the country says:  
No sign of returning prosperity is  
more hopeful than that furnished by  
the government report on crop condi-  
tions. These are busy days for the  
farmers. They are harvesting their  
grain with smiling faces. The pros-  
pects are for larger crops than those  
of 1907. What is better, when com-  
parisons are made with the average  
for ten years 1908, like. About Ben  
Ashem, leads all the rest.  
There are 731,000,000 bushels of  
wheat in sight. That beats 1907 by  
100,000,000 bushels. Indications point  
to the enormous total of 1,050,000,000  
bushels of oats. Such a yield will  
not only exceed that of a year ago by  
more than 300,000,000, bushels, but it  
will be the largest crop of oats ever  
harvested in the United States.  
When one talks of a billion bushels  
of a particular grain the amount is  
so large as not to be really com-  
prehended. The only thing is to be  
happy in the knowledge that it is the  
greatest yield in history.  
Rain, floods, and bugs have been  
reported as doing damage to crop  
prospects. But the return of the  
reapers are expected to show that  
nature has been generous in the ex-  
treme despite the visitations of un-  
friendly agencies working destruction.  
The farmers are to be congratulated  
on the bright outlook before them.  
Speaking of graft and what con-  
stitutes it the Washington Reporter says.  
In the common vernacular, public  
office has come to be regarded by  
many people and especially by politi-  
cians as a private snap. A public  
office is regarded among those who  
are in politics for what they can get  
out of it, as a means of securing cer-  
tain prerogative, and certain little  
gratuities which the private citizen does  
not enjoy.  
These little gratuities are considered a  
sort of honorarium to go with office.  
Many of them are not intended to  
benefit the public, but the official  
though they unconsciously do. Many  
are intended for that very end and  
serve their purpose well.  
When an official is honest and fair  
enough to realize that his office is one  
of public trust and not of private  
gratuity he secures a more efficient ad-  
ministration of affairs.  
The office is created by the people.  
It duties are to perform in their in-  
terests and for their good. The man  
is not the office neither is the above  
it. He is subject to it and its du-  
ties. He holds his position with au-  
thority delegated from the people.  
To use it for his own private interest  
is to embezzle the power conferred  
on him by the people. He takes  
something which does not belong to  
him. He compromises himself.  
It is for this reason that the legis-  
lature, through the force of an aroused  
public sentiment, has enacted laws  
stringent in their character—which  
prohibit public officials from accepting  
any privilege or gift outside of the  
salary or legitimate fees of the office.  
The fee system has become so much  
abused and so fertile a means of graft  
and dishonesty that it has been abo-  
lished in many counties and in many  
States. It is a vicious system and is  
responsible for much of the corruption  
among our constables, aldermen and  
other officials of the law. The graft-  
ing fee system also exists in the  
higher offices in the counties where it  
is in operation.  
When General Grant was seized with  
his fatal illness in the autumn of 1885  
he appeared before the world in an en-  
tirely new character. From being viewed  
as the stern, uncompromising and  
conquering military commander, the  
revelation of his simple resignation in  
the face of great suffering claimed for  
him new fame as a hero in another  
sense. His last battle with the great  
conqueror destined him for grander  
triumphs than were gained on any of his  
military campaigns.  
It was the purely human side of his nature that  
then appealed to the general sympathy  
of mankind. Thus his last and only  
surrender was his greatest victory.  
It had been otherwise, history would  
have cheated itself of an example of  
Christian fortitude the like of which  
has been seldom recorded.—Dr. O. F.  
Barney in Century.

**MINES THAT WILL BEGIN OPERATIONS**  
All the mines on the West Side  
Belt railroad, which are owned and  
operated by the Pittsburgh Coal com-  
pany, will resume in full on next Tues-  
day, the 16th inst. All these mines  
have been idle since early last winter,  
owing to the industrial depression,  
but now with the opening of the lake  
season will open with a full force of  
miners. This will mean the employ-  
ment of thousands of miners who have  
been idle for a period of almost six  
months.  
**PLANS COMPLETED FOR NEW CHURCH BUILDING**  
The pastor has just completed the plans for  
the new church building to be erected  
at the corner of Schoonmaker avenue  
and Eighth street, Monessen, Pa. by the  
United Presbyterian congregation of  
that place. Bids are now being asked  
for and it is expected that the new  
building will be erected during the  
summer. It will be a handsome  
structure 45x45 feet, two stories, of  
pressed brick and stone, with a finish-  
ed basement for Sunday school pur-  
poses.  
The pastor's study will be entered  
through folding doors from the audi-  
torium. The church throughout will  
be strictly modern, heated by the warm  
air gravity system.  
**BIG CROPS WILL BE HARVESTED THIS YEAR**  
The crop reporting experts of the  
department of agriculture yesterday  
issued a report that is bound to make  
glad the hearts of housewives all over  
the land.  
The report estimates that the great  
American farmer is going to put on  
the market this summer and fall more  
fruit of all kinds than the country has  
known for a long while. Apples,  
peaches, blackberries, raspberries,  
cantaloupes, watermelons, cabbage and  
onions this year show an overwhelming  
abundance.  
Last year only 37.4 of the whole  
peach crop survived. This year 75  
per cent will reach the market.  
There is a 18 per cent increase in  
apples. A bumper crop of black-  
berries and raspberries is assured.  
There is an increase of 11 per cent in  
watermelons, 5 per cent in cabbages and  
6 per cent in cabbage.  
**VETERAN OF CIVIL WAR DIES AT HOME**  
Theodore F. Montgomery, a veteran  
of the Civil war, died at his home on  
Heslop avenue, Donora, last evening  
at about eight o'clock, after an illness  
of several weeks, during which he  
suffered from bright's disease. When  
few weeks ago, some soldier was  
called to volunteer to head a  
procession and observe Decoration  
Day, it was Mr. Montgomery who first  
responded. A few days later he was  
taken ill and unable to be out on May  
30th.  
Arrangements are being made for  
holding the funeral at the family  
residence Sunday afternoon at 2:00  
o'clock. Rev. J. E. Fulton will offi-  
ciate.  
Mr. Montgomery attended the  
Ringgold Cavalry reunion here last  
August. His daughter was on the  
program on that day at the Opera  
house.  
**Hitting the Pipe.**  
When Jones got home the other night  
he found the family in a panic and the  
house being flooded from a burst water  
pipe. The first thing he did was to  
scold his wife for not having sense  
enough to go down to the cellar and  
hammer up the supply pipe to prevent  
the water from escaping. Then he  
went downstairs and was soon heard  
hammering vigorously. After some  
minutes' strenuous work, giving one  
last mighty blow, he asked, "How is it  
now?"  
"There is no difference in the flow of  
the water," his wife calmly replied.  
"but as the light has gone out I very  
much fear you have hammered up the  
gas pipe."—Exchange.

### THE QUEST OF BEAUTY.

"Making Up" is a Very Ancient Feminine Art.

"Making up," as applied to the appearance, is by no means as modern an art as many people imagine.

In the days of Roman supremacy the women tinted their eyebrows with black in emulation of "ox eyed Venus." They painted their faces, sprinkled themselves with perfume and even

wore false hair or tinted their own locks in accordance with the prevailing fashion.

The Greek ladies of the same period employed means who rubbed out their mistress' wrinkles, "decorated" her face with red and white paint and darkened her eyebrows. It was then also the fashion to coat the face with white of egg and goose grease to protect it from the sun and wind. It is even said that they had a recipe for

tinting blue eyes to black.

These fashions all had their origin in Italy, where in later years the notorious Lucrezia Borgia is said to have

ing to her fancy of the moment. In England in the eighteenth century many women, among them Lady Coventry, died from the effects of rouge. So in all ages "beauty at all costs" was the motto of "smart" ladies.—Fleming's Weekly.

Jacob Pool, of Ruffsdale, fell a distance of 25 feet and escaped with light injuries.

The proprietor of a shoe shining parlor at Scottdale was sent to jail for running a disorderly house in his shop. Polishing shoes and destroying characters form an odd combination.

Mrs. Janet Stoner, of Fayette county died on Thursday aged 79 years. She had been married 55 years.

Mrs. Anna Scanlon, of Coal Bluff, has been held under \$500 bail for court on the charge of bigamy.

HAVEN'T you noticed when the indoor air is so hot and dry that people feel chilly? It is because the hot air from the furnace in its search for moisture is robbing your skin, eyes, throat, lungs, and nostrils.

AMERICAN Radiators and IDEAL Boilers never overheat the

air, but warm it mildly and genially. It is the most healthful heat known—that is why they are used exclusively in hospitals, greenhouses, laboratories, and in palatial homes.

AMERICAN & IDEAL RADIATORS & BOILERS are now made in sizes to fit smallest cottages, stores, etc. The prices are so attractive and the results so economical, no one can longer afford to put up with the nuisance or run the risks of old-fashioned heating.

## THE JUDGE AND THE WIRAGO

An Ancient Joke of Which There Are Many Modern Versions.

The following tale was translated from a very old Chinese book for Collier's Weekly:

A certain magistrate upon opening his court observed one of his clerks whose face was covered with wounds and asked him what was the matter. Replied the clerk, "Yesterday evening I was reclining and enjoying the fresh air under my grape arbor, which was suddenly upset by a gust of wind and fell on me and caused these injuries."

But the judge was skeptical and said: "That is too thin. It is easy to see that the marks on your face are from scratches from nails. It must be that you have had a row with your wife and got a clawing from her. Is this not so?"

The clerk crimsoned all over and replied, "Your honor has truly guessed it."

Then said the judge: "Why is your wife so fierce as this? Wait till I summon her and give her a beating and you your revenge."

While he was yet speaking the judge's own wife suddenly came out from the house and fiercely said: "Who is this you are going to beat?"

The magistrate hastily announced to the clerks and the chief clerk: "This court stands adjourned. Disperse instantly. It seems as though the court's grape arbor is also about to collapse!"

## DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Charleroi People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

Christian Schmidt, retired, 300 East Pike St., Canonsburg, Pa., says: "I have great confidence in Doan's Kidney Pills. In the year 1896 I was in a serious condition with kidney disease. I suffered with backache and irregularity of the kidney secretions. I procured Doan's Kidney Pills at that time and used them in accordance with the directions. It required only two or three days to drive out the pains in my back and restore the kidneys to health." (From statement October 5th 1900.)

CURED TO STAY CURED.

Mr. Schmidt on September 15th, 1907, said: "I am glad to confirm what I said in my former statement regarding Doan's Kidney Pills. I have used this remedy for backache on one or two occasions since that time and they have never failed to give me prompt relief."

## How THE NORSE KING Gained his vigor

"Lord of the waves we are, Kings of the seething foam, Warriors bold from a Norseland cold, Far o'er the sea we roam." —Song of the Vikings

The early Norsemen gained much of their strength and vigor from mead, a fermented barley beer.

Light fermented beverages are known the world over as producers of energy and builders of brain and brawn.

The very ambition that lead the sturdy Norsemen to cross an unknown sea and to discover America centuries before Columbus was ever heard of was doubtless fostered by the wholesomeness of their food and drink.

Courage and vigor, you know, are always born of fit physical condition.

## Charleroi Beer

is a mild fermented beverage (about 3½ per cent. alcohol).

Charleroi Beer is strictly a barley beer. It is brewed from nutritious Northern barley and imported Bohemian hops. It's best of all energy-makers.
